**Jeremy The Grayzone:** Following the October 7th surprise attack by Gaza militants on Israel, Israel retaliated with a punishing military assault on Gaza. Official reports say 900 have been killed in Israel and 687 in Gaza. In New York City, Palestinian and anti-Zionist activists marched from Times Square to the Israeli consulate on Second Avenue. Zionist protesters with Israeli flags in hand organised a counter-protest and followed the Palestinian activists across Manhattan.

**Protestors:** Terrorists! Terrorists!

**Protestors:** Go to Gaza. The leds [bullets] gonna rain.

**Jeremy The Grayzone:** Once both groups arrived at the Israeli consulate, the police blockaded the road and fenced them onto the other side of the street. The Israeli protesters ended up outside the headquarters of Pfizer. There, the pro-Israel protesters made explicit calls for Arab genocide.

**Protestor:** Fuck Palestine! Palestine to my dick.

**Jeremy The Grayzone:** What do you think the response should be from Netanyahu and the military?

**Protestor:** Kill Palestinians, all of them! No one left. From the river to the sea. Palestine will be deceased.

**Protestor:** Israel need to do like this. You see? Now Gaza like this... Gaza need to do like this... Or like this.... But all this Jewish. Two options.

**Jeremy The Grayzone:** What do you think the response should be to Gaza?

**Protestor:** We've gotta wipe them off the fucking map. I am talking about blowing every fucking...Flattening them like a parking lot. Flatten them out once and for all and get rid of them.

**Protestor:** There is nothing else you can do. They have proved to us there's nothing else you can do. We tried.

**Protestor:** We tried everything. It doesn't work. We have to wipe them flat off the fucking map. Like a fucking parking lot.

**Protestor:** I am not stopping. Until all Arabs are wiped out.

**Protestor:** I think now is the time that we need to erase Gaza.s. There is people inside... Our people inside that are kidnapped and now we need to kill all of them and free Israel. All of the Arab beliefs is killing Jewish and killing and murdering our people.

**Protestor:** Flatten it. Flatten Gaza.

**Protestors:** Shouting.

**Protestor:** That will be the last war in Gaza.

**Jeremy The Grayzone:** This will be?

**Protestor:** Yes. It will be.

**Protestors:** Shouting.

**Jeremy The Grayzone:** For The Grayzone. I'm Jeremy Loffredo.
